 You can now return to the application you wish to print from. Choose the FujiXerox-Follow-Me-Printing queue from the list of available printers on your device.

Troubleshooting:

Q: Company Portal is not available in my start menu

A: You have not on-boarded successfully to the EQNET WiFi or your computer has required pending updates

Follow the guide available for your device. Your teacher can forward you a copy of the guide or you can find it on the College Website under Curriculum > Bring you own device
