

02 December 2021

Dear 2021 Year 5 parents and carers

Students in Year 6 attending Upper Coomera State College will be expected to have a personal iPad to be used at school as part of their educational instruction from the commencement of 2022.

As many families already have a suitable iPad at home, the program encourages families to have their child bring their existing device instead of purchasing a new one, as long as it meets the minimum requirements.

The attached document clearly outlines all the information you require for the Year 6 BYO iPad program. Please ensure you complete the BYOD Participants Agreement (last page) and return to your child's classroom teacher by Wednesday 8 December.

A laptop as an alternative device will only be considered under special circumstances of students in Year Six 2022 if an iPad is not available. This may be because a laptop has already been purchased for your child thinking ahead to High School in 2023. Please contact me directly if this applies to your child and I will forward details to the 2022 classroom teachers. cord2@eq.edu.au

Yours sincerely,

Carmel Ord
Primary School Principal
